CONDITIONS FOR THE PURCHASE OF RECONDITIONED EMPTY BARRELS

E-TENDER

1.Competitive e-tenders are invited for the supply of 3000 Nos. once used re-conditioned MS empty barrels of 210 litres capacity for the year 2017-18 to be delivered at L. C. Factory at Abhayagiri in Kulathupuzha Estate and stacking them properly at the site as per instructions. Offers should be made by e-tender at the tender site:- www.etenders.kerala.gov.in.

2. Each tenderer has to sign all pages of the tender conditions and upload the same through e-tender site. Address with pin code for communication, email ID and telephone numbers should also be uploaded in the Details of Bidder. Tender along with documents should be uploaded before 5.00 p.m. on 25.05 .2017. The offer will be opened at 11a.m. on 29.05 .2017.

3. EMD should be paid through online facility. EMD of the unsuccessful tenderer will be automatically returned to their account on finalization of contract.

4. The rate quoted in column 54 of the BOQ should be for one barrel (all inclusive) for delivery at our said factory. ie, inclusive of the taxes applicable, transporting charges, unloading charges & and other handling charges. But the rate breakup details should also be uploaded separately in the given format.

5. Barrels supplied should conform to the following **specifications**.

a).Barrels supplied should be of Mild Steel, once used reconditioned barrels of Capacity 210 litres and Weight 17 Kg (minimum) or above.

b) Bungs & Bung openings: Both big and small bungs should be supplied along with the barrels Also the big and small openings at the top of each barrel should be quite proper so as to seal the openings with suitable circular caps to prevent pilferage.

c) Colour & Painting:

i)The supplier after thorough cleaning and drying should paint the inside of the barrels and inside bottom surface of the bungs with two coats of an alkali resistant bituminous black paint conforming to IS 158, which is resistant to ammonia preserved latex and which is free from iron, copper or manganese. The bituminous paint at the inside of the barrels should be thoroughly dried, before effecting the supply

ii) Outside of the barrels should be first coated with anti corrosive metallic primer and then painted with two coats of superior enamel Paint as specified below:

Body : in post office red colour &
Top & Bottom : in Golden Yellow Colour

d) Stenciling: The following text is to be stenciled on the middle portion of the barrel in yellow colour as shown below:

Company's emblem, "RPL"	(3" width letter)
"An ISO Certified Company "	(2" width letter)
"REHAB "	(On the other side 3" width letter)

e) Inside of the Barrel supplied should be free from all contaminants and foreign matters. Dust or rust, if any present in the barrels should be removed thoroughly.

i) The barrels should be thoroughly washed with caustic soda or any other comparable solution followed by water and dried.

ii) Barrels previously used for storage of heavy oil, light grease, paint or similar materials should be degreased with petrol or kerosene.

iii) Barrels previously used for packing of heavy grease should not be supplied.

f) The supplier should guarantee against leakage and Barrels found leaking even at the time of filling will be rejected. A certificate of conformance of the Pressure test should be sent along with each consignment.

Pressure test: All barrels when subjected to an internal air pressure of 0.5 to 0.6 kg./cm² for 30 seconds shall not show any sign of leakage.

6. Each consignment of barrels will be inspected by the officer in charge of the factory on receipt and barrels that do not conform to the above specifications will be rejected. The officer in charge of the factory will have the right to reject any barrel, at any time as and when a defect is noticed in any of the barrels. The supplier will have to remove the rejected barrels at his cost from the factory immediately.

7. The bituminous paint at the inside of the barrels should be thoroughly dried, before effecting the supply. If non-compliance of the above condition results in discolouration or purification of latex filled inside, the loss so sustained by the company will be recovered from the supplier's bill. If that is insufficient, then the amount will be recovered through legal means/Revenue recovery proceedings or from any other payment due to the supplier by the company.

8. The contract shall be concluded on issue of purchase order by the company. The successful tenderer should execute an agreement as per the terms and conditions prescribed by the Company within 7 days from the date of confirmation order. Security Deposit @ 5% of total cost should be remitted by DD payable at Punalur before executing the agreement. If the tenderer fails to remit the SD and or execute the agreement, the EMD will be forfeited and the Company will have right to procure the barrels by making alternative arrangements at the risk and loss of the defaulter, and the loss and cost so incurred will be recovered from the tenderer through legal means/Revenue Recovery proceedings or from any other payment due to the supplier by the company.

9. The Security Deposit will be refunded on successful completion of the contract on receipt of the no-liability certificate from the Manager, L.C Factory. Security Deposit is liable to be forfeited in the event of any breach of contract by the supplier and the loss/cost, if any in making alternate arrangement will be recovered from the supplier by revenue recovery/legal means/any other payments due to him.

10. The contract may be extended for a further period of 1 or 2 years with same terms & conditions on mutual agreement.

11. The Managing Director of the company has the right to terminate the contract by giving 15 days notice.

12. The Company will not consider any increase in rate during the period of agreement.

13. The material supplied by the tenderer should be environmentally safe. Specific mention must be made if the product supplied contains any toxic / environmentally hazardous material.

14. All payments of the barrels supplied will be effected from the Head Office of the Company taking into account the stores receipt note issued by the Factory Manager. Any dispute regarding quality/specification of barrels supplied will be referred to Factory Manager whose decision will be binding on the contractor.

15. The supply may be effected from June 2017 to June 2018 as per the schedule mentioned in the purchase order or as directed by the Factory Manager, Kulathupuzha Estate. In case the supplier, fails to supply the accepted quantity in time during period as per schedule, the Company is free to purchase the barrels from any other source at the risk and expenses of the supplier, and the loss so sustained if any including cost of advertisement shall be recovered through legal means/Revenue Recovery proceedings or from any other payment due to the supplier by the company. If the rate received on such alternate purchase is less than that of the original supplier, then he will not have any right to claim on such difference in price.

16. There is no undertaking to accept the lowest or any offer and the Company will have absolute discretion to accept or reject any offer partially or in total without assigning any reasons.

17. The Company will not be responsible for any disruption due to force majeure or any other obstruction whatsoever within its estate or factory and the resultant losses, if any, to the supplier.

18. All suits or other legal proceedings in connection with any of the matters relating to this tender shall be instituted in the courts at Punalur only
