Terms & Conditions

1. The deployment of UAS including study, integration of existing tally, customization, implementation, training, and go-live should be completed within 45 days from the date of award of the contract. The bidder should notify RPL about the additional Hardware/Software required if any and the cost will be borne separately by RPL. A sealed cover super scribing "Price bid for RPL SALES SOFTWARE "with reference number and due date shall contain the price details. The price and associated statutory levies shall be clearly mentioned in the price bid. If the statutory levies and other charges are not mentioned separately, the quoted rates will be taken as inclusive of these charges/levies/fees. In addition, if the software requires any other database licenses or client access licenses (CAL) or server licenses to operate, the cost of each such license per user should be clearly indicated in the offer.

2. The response to this notice, Quotation should be full and complete in all respects. Preference will be given to bidders having previous experience in web based software development. Failure to furnish all information required by the quotation documents or submission of a proposal not substantially responsive to this document will be at the Bidder's risk and may result in rejection of its quotation. This quotation does not commit RPL to award a contract or to engage in negotiations.
3. **Data Migration:** The data currently available at Head office may be migrated to the new system in a standardized manner. The data will be provided by RPL
4. **Technical Requirements** -The bidder should specify both hardware and software requirements for hosting the system such as Server Specifications, Client machine specifications, Operating System requirements, Database licenses if any and Accessing Licensing required in client machines etc.
5. **Training Requirements** - Training for using and administering UAS should be given for the identified set of users. The admin users of UAS should be given basic training in the architecture employed in developing the software. Training to users should include basic debugging mechanisms for UAS, detailed transaction flows and backup mechanisms and a written document shall be given by the contractor. The end users should be trained in proper usage of the software.
6. **Warranty:** The warranty for the UAS will commence immediately after successful implementation of the software which will be considered as the date of acceptance of the UAS. The bidder should provide warranty for a period of 12 month from the date of acceptance. During the warranty period, the bidder shall provide free maintenance support that is essential for trouble-free operation.
7. **Hand holding and Support:** In order to ensure trouble free operation of the customized software and the migrated data, the bidder shall provide support to RPL **for 6 months** from the date of completion of the project.
8. **Contract Value:** The all inclusive amount quoted in the financial bid (in words) against which the work order has been issued, alone will be treated as contract value for the purpose of computing the security deposit, liquidated damages etc.
9. In case the contractor fails to undertake the work in terms of the work order/contract and in consequence the organization has to

get the work done otherwise at a higher cost, loss to the company due to such work, etc. will become payable to the organization by the defaulting contractor. This is without prejudice to the organization's right to claim for any other loss that may arise due to the failure of contractor to keep the other terms of the work order/contract.

10. The Work Order/Contract once awarded, can be terminated by RPL, if the contractor fails to fulfill the terms and conditions stipulated herewith & in the work order/contract and in the event of such termination due to the default of the contractor, RPL will not be responsible for any financial loss to the contractor or legal implications and reserves the right to forfeit the security deposit and revoke the bank guarantee.
11. Rate for Comprehensive Annual Support Charges for SALES Software per Annum after warranty. Shall also be indicated in the price bid.
12. Any amendment or changes will be published in the website of the company www.rplkerala.com and no further communication will be given separately.

GENERAL CONDITIONS

1. Any quotation received after the time fixed on the due date is liable to be rejected.
2. Withdrawal from the quotation after it is accepted or failure to supply within the specified time or in accordance with specifications will entail cancellation of the order and the firm is liable to be blacklisted and security deposit will be forfeited.
3. No representation for enhancement of price once accepted will be considered.
4. Payment will be made only after completion, installation and successful running of software and certificate to that effect by the concerned official authorized by the Managing Director.
5. The rate should be inclusive of service & support for one Year.
6. The Managing Director of the Company has absolute discretion in accepting or rejecting any offer without assigning any reason and his decision will be final.
7. All suits or other disputes that may arise in connection with matters relating to the above sale shall be entertainable only in courts at Punalur , which alone shall have jurisdiction in these matters.
