

With great pleasure we connect with you to our Consulting services.

RPL is an established Rubber plantation company producing and processing natural rubber.

We have two large Estates with a team of 25 Technically Qualified Management staff and a total team of 1350+ people. We do raising Rubber Plantations, producing normal latex, processing it into cenex, ISNR etc along with other commercial activities since last 30 years. Our plantations are rated as one among the best in Asia. We are a certified company in Quality Management System ISO 9001:2008 and Environment Management System ISO 14001:2004.

We are happy to share our experience and expertise to you as consultancy services in the following areas.

1. Selection of Rubber Plantation site.
2. Raising nurseries.
3. Pre planting operations.
4. Raising of Rubber Plantations and its maintenance.
5. Tapping.
6. Processing and sale.

Please contact us for any clarification.
